Blend

80% Sauvignon Blanc

Sauvignon Blanc provides the wine necessary acidity, minerality and aromatic freshness. Notes of citrus, boxwood and fig characterized this varietal.

20% Semillon

In Bordeaux, Semillon is most often complementary in dry whites. It brings roundness, fat and aromas of apricot and honey.

Tasting notes of Roger C. Bohmrich—Master of Wine

Brilliant pale yellow gold. Perfectly clean to the nose, expressive and attractively scented ripe lemon, grapefruit, white peach and star fruit. The palate offers a sense of clarity, lighter weight, and youthful fruit qualities. Poised and well-calibrated, the wine ends with a dry, mouth-watering finish leaving delicate aromatic highlights. A well-made example of a basic white Bordeaux blend.

Food Pairing

Excellent as an aperitif, goes well with delicatessen foods, shellfish and fish.
